Which is incorporated in the "Independent."

DANIEL LOGAN, Editor.

SATURDAY, OCT. 26, 1895.

## HARMONY FOR PROGRESS.

One thing the late epidemic showed was that people of all parties and factions here can unite in a great emergency for mutual protection. It is a fact of history that the people of Hawaii, when they were first invaded by the white man, were united in their resistance. They were not divided by party or faction. They were united in their determination to drive the white man out of their country. This is the same spirit that should be shown in the present crisis. We are not divided by party or faction. We are united in our determination to drive the white man out of our country. This is the same spirit that should be shown in the present crisis. We are not divided by party or faction. We are united in our determination to drive the white man out of our country.

Unanimity in politics is incompatible with the conditions of popular freedom. It is to the forced unanimity of the past nearly three years that many of the mistakes of the Government, and about all of the serious flaws and departures from sound principles in the constitution, are to be debited. Pending the time when the body politic of this country may be happily reunited again—that is in freedom to differ upon public affairs—harmony for purposes unconnected directly with politics should be striven after. Unity for broad purposes of town improvement and country development would have good results upon the progress of the country. Schemes for promoting these and other beneficial objects, such as the coaxing of tourist travel lately scared away, ought to be generally discussed and, whenever an opportunity occurs, put into practical effect. In union is strength, and in public spirit the making of a country.

## OBSERVATIONS.

An extended explanation of the Torrens system of land transfer is given in this paper. The question of its adoption in these islands will be reported upon, doubtless, by the legislative commission appointed to consider the matter of land transfer. Under the Torrens system titles are given by the Government and, once a title is recorded, it is henceforth secure against attack.

When the additional building of the Hawaiian Electric Company, for its cold storage project, is completed the whole fabric will be a splendid evidence of Honolulu's enterprise, and among the

first of notable objects to greet the eye of passengers on the decks of incoming foreign steamers.

It is not which makes the first application, Hawaii or Cuba, but which gets the first invitation from Uncle Sam.

This paper has never taken the ground that the present Government has not administered affairs well in many respects. What it has combated is the idle, and from some quarters ignorant, boasting of the present administration as if it was the first honest and progressive one the country ever had.

If the Executive and the Judiciary are to be kept distinct, the Judiciary should not be disturbed to serve the fleeting purposes of the Executive. Earned promotions in office are agreeable to the public sight, but official shuffles have as a general thing a questionable aspect.

Athletics should not be overdone, or they will do more harm than good. This is not a criticism of anything so far seen, but a caution of what may result from the present facilities for physical training, never before equaled in Honolulu.

Punchbowl ought to have an observation tower and a pavilion for rest and refreshment, at some point that would command a view of the whole town at once. That would mean also a sweep of the eye from Diamond Head to Barber's Point. Regular omnibus excursions should follow, and then the people generally would enjoy the beauties and the benefits of the mountain. Some enterprising citizens might take the project here mooted into consideration.

## ABOUT KENNETH DUNCAN.

No Longer in the Ministry or Connected With the Church.

A recent number of the San Francisco Call contains an article on Kenneth Duncan, who was here for several months lately, which shows that the ex-reverend gentleman has fallen into bad ways. It says:

Kenneth J. Duncan has returned. He came to San Francisco from the Sandwich Islands on the bark Dimond. There is little in the Kenneth Duncan of today to remind one of the earnest pulpit orator who two years ago was acting as pastor of the Howard Presbyterian Church. A short time has sufficed to work awful havoc with the delicate features of the ex-minister. Since his arrival in this city Mr. Duncan has not sought to meet his old acquaintances. Instead he has frequented the drinking places in which sporting men and women congregate, and seemed to find a solace in the noisy singing and in deep draughts of whisky. He has made as his special companions several young men who have won names in the ring as pugilists. To some of these he told his story.

"He was introduced to me under an assumed name," said one of them, "but later he told me his name was Kenneth J. Duncan, and then he related the story of his life. He said that in Honolulu he had been instructor and chaplain in a reformatory institution for boys. He did not know just what he would do in California. He said he was no longer in the ministry and that he had severed all connections with the church."

## HIS DIGNITY RUFFLED.

JUDGE WILCOX'S PECULIAR ENTRY IN THE RECORD BOOK.

The Two District Judges are Evidently Not Two Souls With a Single Thought.

All was evidently not serene in the District Court yesterday morning judging from an entry made in the District Court Records by Judge Wilcox. The entry reads, "Case of Lau Ho resumed after being interrupted by Judge Perry in a most unwarranted manner."

On Wednesday afternoon, Judge Perry being disqualified from sitting in the case, Judge Wilcox commenced the examination of Lau Ho for forgery. Judge Perry giving up the Court-room to him, and using his private room in the hearing of other cases. The trial was not concluded at the afternoon session, and Judge Wilcox adjourned it to 9 a. m. yesterday.

In the meantime Judge Perry had set a number of cases for hearing at 9:30 on the same morning and a crowd of witnesses were in attendance at the time specified.

Judge Wilcox took up his case at 9 o'clock and at 9:30 Judge Perry came out of his room and suggested that the occupant of the bench take a recess for a few minutes while he disposed of the cases previously set. This Judge Wilcox declined to do until Judge Perry asserted his rights as presiding judge. Upon assuming the bench Judge Perry entered pleas of not guilty in several cases and, postponed others to future dates so as to allow the witnesses to leave. When Judge Wilcox resumed the trial of his case, he made the entry above named.

## BULLETIN BICYCLE BALLOT.

The Reason of the Time Limited Coupon for Voting.

Patrons of the BULLETIN bicycle contest are requested to take note of the following:

Each day a coupon, bearing a number one higher than that of the preceding day, is inserted in the BULLETIN. This coupon is good for two days from date of publication.

For instance; suppose that next Monday's coupon is No. 5, and dated October 28, it will be received at the BULLETIN office, 609 King street, up to 12 o'clock noon, October 30; that issued on October 29 will be good until October 31.

The limiting of the time is done to prevent unfairness, as, if the coupons were good until the final day of the contest, anyone might hoard them up and on the last day vote a vast number for one bicyclist, thus throwing the race, and making futile the efforts of the hundreds of people who are conscientiously voting, day after day, for their favorite individual or machine. The BULLETIN idea obviates the possibility of doing this.

## Athletic Association.

The members of the Hawaiian Athletic Association made final arrangements last night for the coming road race. Four prizes will be given—the H. A. A. C. trophy and a prize from the Hawaiian Hardware Co., E. O. Hall & Son and M. McInerney, respectively. Tom Wright will be starter; Louis Singer, assistant starter; J. W. Jones, A. G. M. Robertson and E. Mossman, judges; C. Pfeiffer and F. Kraeger, time-keepers; James Spencer, H. Hapai, W. Nott and J. Wright, clerks of the course.

## MR. YATMAN SPEAKS.

But His Audience Was Not as Large as Expected.

Evangelist Yatman addressed a small audience at the Y. M. C. A. hall last night, speaking principally on revival work generally. The smallness of the audience was probably due to shortness of notice and counter-attractions. Mr. Yatman is a forcible and fluent speaker and will no doubt draw large audiences at future meetings.

There will be a special meeting tomorrow at 3 o'clock and the usual services at 6:30. On Monday, Tuesday, Thursday and Friday there will be meetings at 7:30 p. m., and on Monday, Tuesday, Wednesday, Thursday and Friday between 4 and 5 o'clock each day.

## THE NEW HIGH SCHOOL.

Dedictory Exercises Are to be Held Next Friday Afternoon.

At the High School on Emma street next Friday afternoon at 3 o'clock a musical and literary entertainment will be given by the scholars and others in honor of the new school.

Professor Alexander will deliver an address appropriate to the occasion, and the young lady pupils will furnish music and singing, together with a recitation by one of them, "The Chambered Nauticus." The full program will be made public upon its completion. President Dole and other notables will be present and are expected to contribute a few remarks on high school work and other kindred subjects.

## Company Team Shoot.

Companies E, F and B are the only contestants for the rifle known as the Winchester trophy at the Makiki butts this afternoon. At the practice shoot yesterday afternoon E company made 416 and F 415. The rifle is at present held by Company E.

## LOCAL AND GENERAL.

No arrests today.

The church services for tomorrow will be found on the seventh page.

Judge Widemann and H. Renjes are booked to leave on the Australia today.

Interest in the BULLETIN bicycle contest continues to increase with each issue of the paper.

John Silva pleaded guilty of assault and battery in Judge Perry's court this morning and caught a \$30 fine.

Ah Kim was fined \$50 and Pao \$75 in the District Court this morning for having che-fa tickets in possession.

The Hollister Drug Co. are agents for the Hawaiian Islands for Perry Davis' Pain Killer and Dr. Cordin's Chocolate Emulsion.

A civil judgment for \$42.28 in favor of W. L. Peterson and against Thomas Hennessey has been recorded in the District Court.

The road jury on the proposed new road from Nuuanu street to Liliha have postponed action until Monday on account of the departure of the steamer.

The choir of St. Andrew's Cathedral will sing two hymns at Captain Mist's funeral this afternoon: "Peace, Perfect Peace" and "Nearer, My God, to Thee."

R. Meyer was tried and convicted this morning of assault and battery on Captain Stege some time ago and fined \$25 and costs by Judge Perry.

The trial of Ah Kai and Ah Tuck for the larceny of a horse was commenced in the District Court this morning, J. A. Magoon prosecuting and A. G. M. Robertson defending.

Mayor Suro called quarantine Officer Chalmers sharply to account before the San Francisco Board of Health for allowing the S. S. Australia from Honolulu to dock and land her passengers. Dr. Chalmers calmly answered that he was advised by Dr. Peckham of the Federal Quarantine that it was unnecessary to detain the vessel.

## Timely Topics

LAMPS AND LAMP SHADES AND SOME OTHER THINGS.

This is the time of the year when the evenings gradually increase in length, especially on Saturdays and Sundays. Why the evenings should be longer on those two days than on any other is something no fellow has ever found out, but it is so. Such being the case the question of lighting up the household during the long evenings that are coming is one that cannot be ignored by the head of any household.

The question of economy must also be considered. Coal oil is advancing in price, and we read by the late dispatches that the Pennsylvania oil fields won't last much more than twenty years to come; also that the great Standard Oil Company is already looking around for new oil fields to supply the threatened deficit. Kerosene oil will always be obtainable at the figure Mr. Rockefeller puts on it, but as a matter of future economy the Honolulu householder should purchase his lamps with a view to procuring the greatest possible amount of light with the smallest consumption of oil. This can only be done by buying good lamps and good burners and good chimneys. The Hawaiian Hardware Company has them all.

By the last Australia we received and are now unpacking the finest assortment of lamps ever brought to this city, comprising as it does an extensive variety of bedroom, kitchen, boudoir, hall, dining and drawing room and reading lamps. These we have in glass and metal. Our assortment of hanging lamps and chandeliers of all kinds is simply immense and must be seen to be appreciated. In piano lamps we have something especially new.

To cover all these lamps we have some beautiful shades of the latest designs in paper and glass. When we say they are beautiful we mean it in the fullest sense of the word, as you will acknowledge when you see them.

We have also a display of pretty little Onyx tables, which are all the rage among fashionable people.

Our supply of Alaska refrigerators has been replenished and we are now prepared to furnish them in sizes to suit any household.

The Hawaiian Hardware Co. Ltd.  
Opposite Spreckels' Block,  
505 FORT STREET.

## New Advertisements.

### Horse for Sale.
